Class 6 Mathematics - Key Concepts & Formula Sheet

SSC Students Study Circle - Academic Year 2025-2026

Chapter 1: Knowing Our Numbers - Place value, estimation, Roman numerals

Chapter 2: Whole Numbers - Properties of addition & multiplication

Chapter 3: Playing with Numbers - Factors, multiples, prime factorization, HCF & LCM

Chapter 4: Basic Geometrical Ideas - Points, line segments, rays, curves, angles, polygons

Chapter 5: Understanding Elementary Shapes - Measuring line segments, triangles, quadrilaterals

Chapter 6: Integers - Representation on number line, addition & subtraction

Practice Tips:

- Revise tables from 2 to 20 daily.
- Solve at least 5 problem sums every day.
- Highlight difficult steps in geometry diagrams.
